UNDERCLASS CREW

your SENIOR YEAR as unique as YOU

This is such a huge milestone in your life and choosing the RIGHT photographer to document it perfectly will make it the amazing experience that it should be.

At TMP, we specialize in seniors! I absolutely LOVE shooting with seniors like you because I get to show you how beautiful and one-of-a-kind you really are.

You can trust that our team will direct you every step of the way for posing and watch every single detail to make sure your session is perfect. We have SO MUCH FUN with every senior. There is no need to be nervous about your photoshoot day, we are the experts and we got you!

We tailor your session to you - your personality, your style, all you. If you want to shoot urban, country, studio, sports or anything else you can think of - we know ALL the best spots and some hidden gems!

Not sure what to wear? No worries. We can help with that, too. We can do an outfit consultation in person or by text -totally up to you.

We also take great care to make sure that all the kids from one school don't have the same locations. There is nothing worse than being excited to show your pictures to friends only to have them show that theirs is in the exact same places with all the same poses. We never let that happen.

If you decide to choose me as your photographer, I promise you will have amazing unique images and we will have a TON OF FUN shooting them!

the TMP experience

Tina Marie Photography is a full service studio. That means we will take care of you every step of the way. From showing samples of every product we offer to helping decide what goes best together, we are here to help you choose exactly what keepsakes you want, not just a disk of images you might never print.

1. Booking

Our schedule fills fast, especially for weekends, so please let me know ASAP if you want to book! Even if you aren't ready to choose a date yet! We can choose that later, whenever you are ready. We also send out our senior questionnaire that helps us plan the perfect session for you.

2. Session Day

On your session day, we usually begin at the studio looking at your outfits and going over the plan for the day. We may begin with some unique studio shots then move to our first outdoor location. TMP sessions last up to two hours (maybe longer if we are having fun), so plan accordingly. I usually have a cooler with waters, but you might want to bring a light snack!

3. Preview/Ordering

Two weeks after your session day, you will come in to the studio to see all your pictures and order the products you love. To be best prepared for this date, make a list of how many prints you need for friends/family and what you would like on your walls.

4. Delivery

Your artwork and books usually arrive within a couple weeks after you choose the images to fill them. We will set up a time for you to come by the studio and pick up your order. We cannot wait for you to see them!

albums, canvas metals & more

I personally hand-pick only the best quality products that will stand the test of time as keepsakes for TMP seniors.

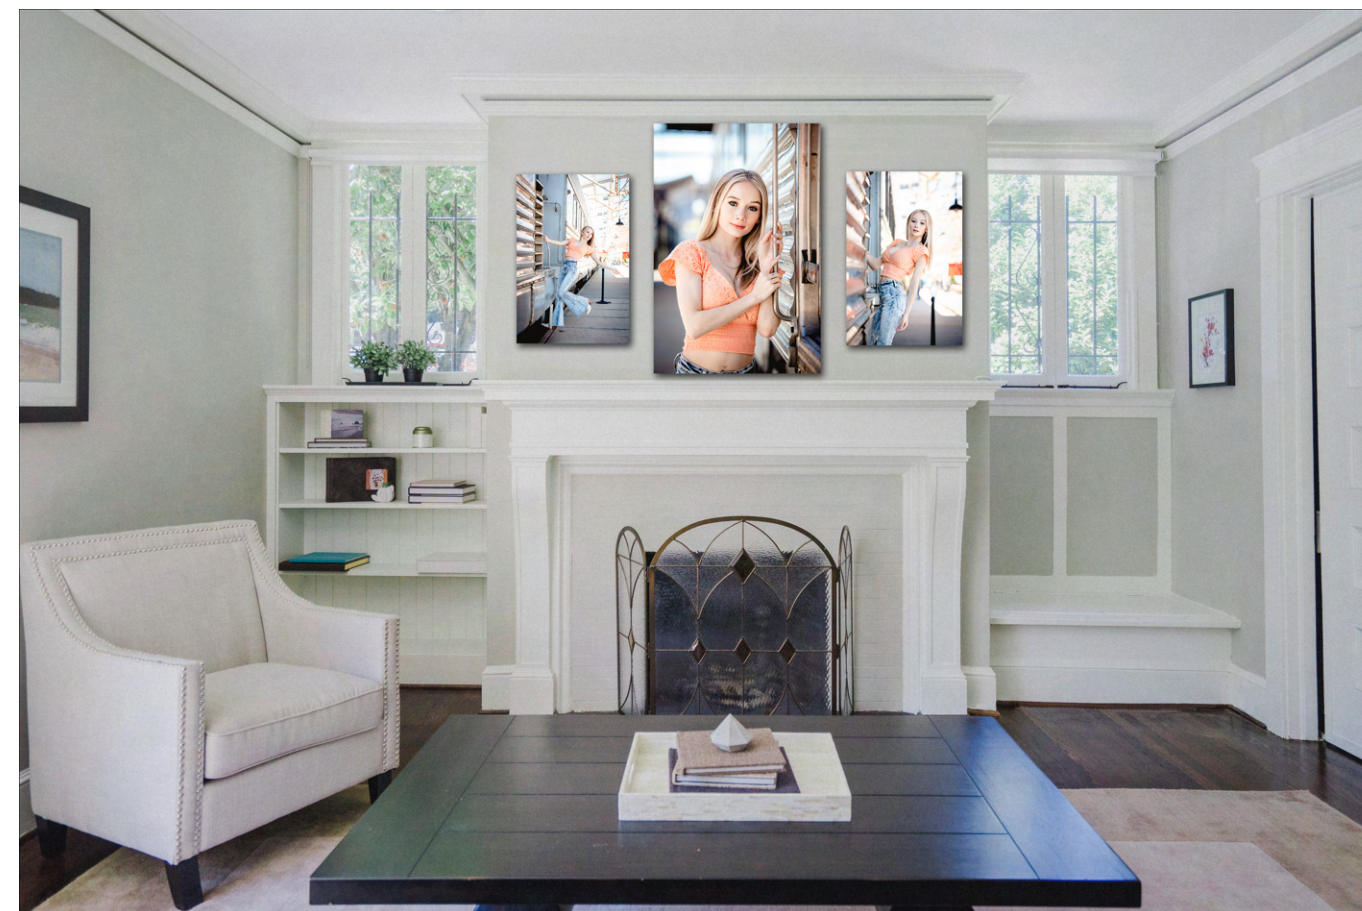

We also don't require a minimum order. I want you to have exactly what you would like to hang on your walls, give to family members or have as keepsakes in a book or album just for you.

Need help deciding what you would like? We can help! We are a full service studio which includes design help for you. We can even show you what specific products will look like on your walls!

Some of our favorite products are:

1. Stitched leather albums
2. Senior Books
3. Metal Prints
4. Acrylics

Collections start at \$749.

5 reasons to hire a pro

1. Becoming a professional photographer takes tons of time and money. With the time comes **knowledge and experience** that anyone who just started simply does not have. Pro photographers invest thousands in the **best equipment** to allow them to make photographs of you that consumer cameras and your iPhone are simply just not capable of. The camera and lenses we use ensure you will have the **sharpest, most beautiful, amazing images**.
2. Hiring a professional photographer helps ensure that your pictures are the highest quality possible. We also have the backup equipment for your **peace-of-mind** that your pictures are safe and sound.
3. We are **skilled editors** and know how to make you look your best in every image. Trust me when I say that you don't want to throw a filter on it and call it good. It is not the same! Retouching is an art that we spend thousands of hours perfecting.
4. A professional will also know how to bring your **unique style and personality** through in each and every image and will be there to guide you on how to pose and smile in order to get the best photos.
5. Like anything else, **you do get what you pay for**. If you don't care if your pictures are sharp or your skin is orange or your poses look funny, and they throw them all on disk for you to keep in a drawer until it goes bad, then by all means, hire the cheapest person you can find with a camera or better yet, do it with your iPhone even cheaper.

If you do care and you value having a skilled photographer to take and edit your images, yes, you will pay more, but in the end, you will have amazing timeless images perfectly edited and hanging on your walls for generations to cherish.

That is why we do what we do as professionals.

faq

How soon should I book my session?

The sooner, the better. We only have space for a limited number of seniors every year and they fill up fast, especially if you want a fall or weekend session date.

How many outfits should I bring?

Plan to bring at least 4-5 outfits that are different styles. I like to shoot a variety of casual, semi-dressy and formal. We may not use all the outfits you bring, but it will give us the opportunity to choose what looks best at each location.

I have a location in mind. Can we go there?

Of course we can! Let me know on your questionnaire where you would like to go and we will plan your session around that.

Can I take photos with my pet or car?

Absolutely! Your senior session is all about all things YOU! You can include whatever props and specialty things you want.

What if the weather is going to be rainy, ultra hot or super windy?

Don't worry, we got you. I constantly watch the weather ahead of time and will let you know at least 3 hours prior if we will need to reschedule your session.
